

Tarsco Bolted Tank®
a TF Warren Company

Full service provider of liquid and dry bolted storage tank systems

Projects

Wastewater Tank

Frac Sand Tanks

Potable Water Tank

Overview

Tarsco Bolted Tank is a global leader and specializes in the engineering, manufacturing, and construction of customized bolted storage tank systems.

As a leader in the bolted tank systems industry, our goal is to provide you with the best value and the most advanced storage tank solutions.

Capabilities

We provide liquid and dry bolted tank solutions for the oil and gas, energy and power, water and wastewater, dry bulk, fire protection and fractional sand processing industries. This includes epoxy-coated carbon steel as well as stainless steel bolted flat panel tanks that offer outstanding performance, reliability and ease of installation. Our tanks are manufactured in the USA and meet NSF-61 and all the latest applicable design codes.

The combination of all the recent equipment and process improvements along with employing the safest construction crews and rigorous quality control makes Tarsco Bolted Tank the leader in the bolted tank industry.

Now Offering Complete On-site Services

As we continue to innovate and expand our equipment and services, Tarsco Bolted Tank now offers complete on-site foundation services for bolted tank systems.
